

# Competitive Team Tryouts

## What is Rep soccer?

Competitive (rep soccer) teams are teams of identified players that train and play at a higher level than recreational house leagues. They practice regularly, play in elite leagues, and travel to tournaments. All rep teams are coached by qualified coaches. Lakehead Express Soccer Club is the only club in the Thunder Bay District that focuses on assisting student athletes to obtain post-secondary scholarships. To date, dozens of players have been successfully scouted and are attending post-secondary universities in both Canada and the United States.
